GARNER VALLEY DOWNHOLE ARRAY OF ACCELEROMETERS:
INSTRUMENTATION AND PRELIMINARY DATA ANALYSIS

BY RALPH J. ARCHULETA, SANDRA H. SEALE, PETER V. SANGAS,
LAWRENCE M. BAKER, AND SCOTT T. SWAIN

On page 1595 there is an egregious error in the coordinates of the array. The correct coordinates, determined from GPS measurements, are $33^{\circ} 40.127' N$, $116^{\circ} 40.427' W$ in the North American Datum NAD 83 coordinate system. (In the NAD 27 coordinate system, used on older topographic sheets, these coordinates would be $33^{\circ} 40.125' N$, $116^{\circ} 40.376' W$.)

The authors wish to thank Dave Boore for bringing this error to their attention.
